We ship by B. & O., N. Y. C. or Penna. Railroads — by Truck Line Freight or Railway Express. We suggest that if possible you call for bulky shipments to speed delivery and conserve packing materials. Truck and tractor-trailer loads can be quoted to any point.

TERMS

This list cancels all previous lists. Prices are subject to change without notice.

Thirty days net to parties of approved credit established in advance of shipment. Discounts for cash in advance of digging or shipment 3%; 2% for payment within 10 days; 30 days net. C.O.D. orders must be accompanied by $\frac{1}{4}$ cash deposit. Boxing and baling are charged for at near cost. Car loads and truck loads packed free. When cash accompanies order, boxing will be billed to those of established credit, otherwise boxing charges will be sent C.O.D. with shipment.

Five or more plants will be charged at the 10 rate, thirty or more at the 100 rate. Where no single rate is shown, less than 5 will be charged 25% higher than the 10 rate. Any possible claims for rejection or deficiency must be made within 5 days after arrival of stock. All shipments travel at cost and risk of the purchaser.

EVERGREENS

	Ea. 1-9	Ea. 10-25	Ea. 25-100
Arborvitae, American Dark Green (<i>Thuja occidentalis nigra</i>)

Euonymus Burtoni

A compact growing form of Euonymus Europaeus grown from cuttings. It seldom exceeds six feet in height with us and bears an amazingly heavy and dependable crop of orange red fruits each fall. The deep green foliage retains its vigor later than most other shrubs and for that reason alone is very outstanding.

12 to 18 in. -----	.60	.55

SPECIMEN SHADE TREES B & B

Large trees to be quoted upon request.

We have a quantity of larger trees in good varieties of large caliper. These include Pin Oak, Red Oak, Scarlet Oak and Black Oaks, Ash, Sugar Maple, English Oak, White Oak, Linden, Silver Maple, Pyramidal English Oak, Pyramidal Hornbeam, which we will quote upon request.

EVERGREEN GRAFTS

The following list of varieties we graft each year. Others may be added if desired, and scions are available or furnished. We have stock plants of many varieties not listed below.

Junipers are grafted upon Juniper understocks only, mostly virginiana. We use 2½" deep rose pots for most understocks. Other varieties are on related understocks only.

BALLING SCHEDULE

The following schedule shows the approximate sizes required for various grades of deciduous shrubs and trees. However, any size designated by the purchaser will be used and charged for accordingly. Weights are approximate.

These prices are only additional for material listed bare root and do not apply to evergreens and other material priced B & B.

SHRUBS AND FLOWERING TREES

Ball Size	Lbs. Wt	Plant Size	Each Per 10	Each Per C
10 in.	30	1½ to 2 ft.-----	.50	.40

GLOBE BARBERRY

(Plant Patent No. 189)

(*Berberis thunbergi nana*)

See Prof. Chadwick's Select List of Shrubs

Ordinary Barberry

Berberis nana
(Natural Shape)

This is a low, slow growing and compact sport of the well known hardy Barberry. It's compact, tight growth makes a trim appearance without shearing. This plant never gets out of hand as do common Barberry plants and the foliage is better than that of the parent and it has the same kind and color fruits. Its appearance is somewhat like that of a dwarf Holly or Azalea. It is undoubtedly the best permanently dwarf deciduous plant for low hedges and borders because of its dwarfness, hardiness and general permanence.

This is the first time this plant has been offered for sale. Due to its slow growth the purchaser is assured of maintenance of the present price schedule. It is suggested that as large sizes cannot well be shipped these grades be planted out for growth on as specimens.
